

# MAKE EVERY LESSON INTERACTIVE WITH i3CONNECT FOR EDUCATION

## INTERACTIVE DISPLAYS

### i3CONNECT ASPEN 4

65"

75"

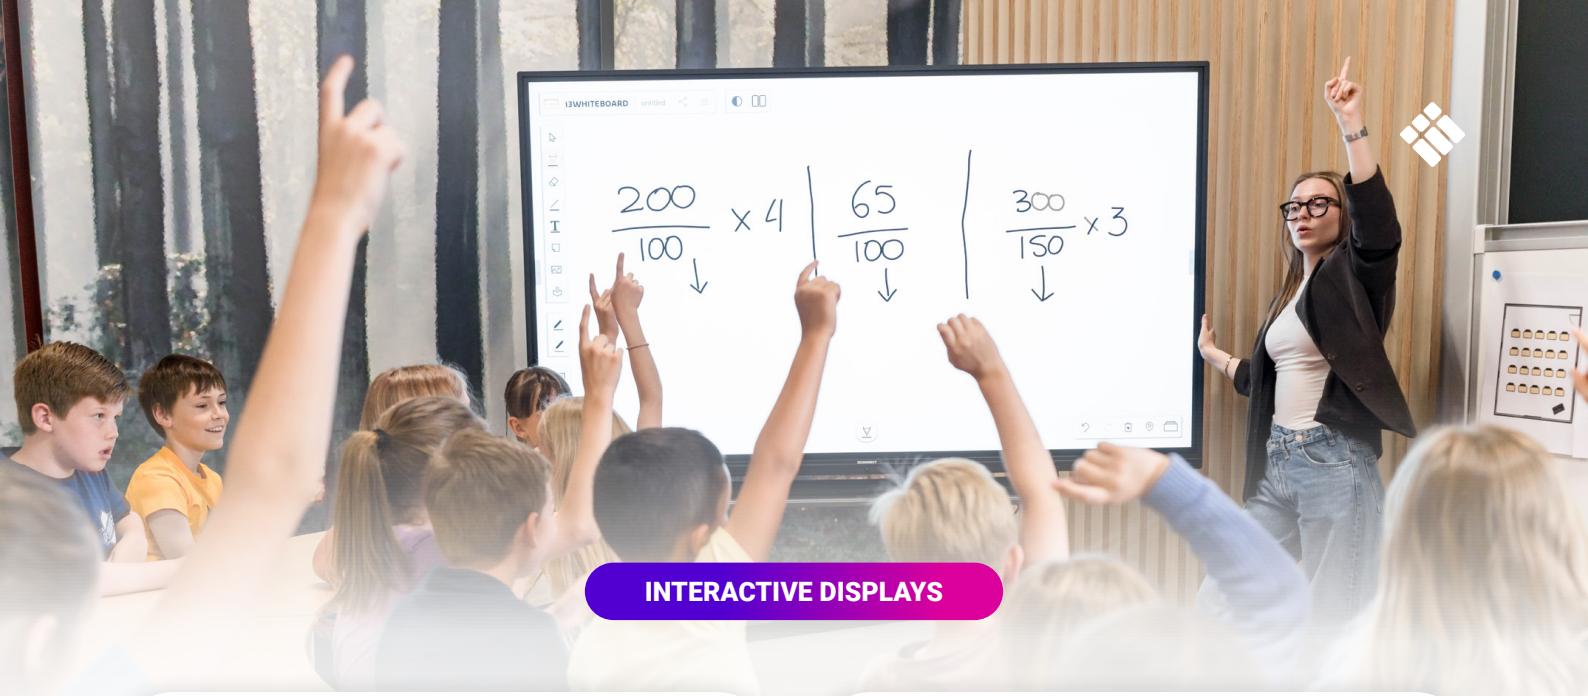

86"

#### STUNNING VISUALS, SMARTER ENERGY USE

The Aspen 4 brings QLED brilliance to your meeting room or classroom. With local dimming, Android 15 and eco-first features like a real-time energy widget, this premium display delivers breathtaking visuals without compromising on sustainability.

- Android 15 (EDLA) with 8 GB RAM & 128 GB storage
- QLED technology with 4K Ultra High Definition tempered optical bonded glass, anti-reflection
- Choose between Google Experience or i3CONNECT STUDIO Experience
- Dolby certified 80W speakers
- Ambient light and motion sensors for intelligent power use
- Local dimming for deeper contrast and major power savings
- Blackboard for even lower energy use
- Home screen widget showing real-time energy, CO<sub>2</sub> and cost savings
- ENERGY STAR 8.0 certified and EU ECO-DESIGN

## i3CONNECT ELM 2

65" 75" 86"

### FLEXIBLE AND VERSATILE

The i3CONNECT Elm 2 is a future-ready interactive display that brings performance, security and sustainability to the modern workplace. With flexible interface options and smart tools included, it's built for efficient teamwork and long-term value.

- Android 14 (EDLA) with 8 GB RAM & 64 GB storage (expandable via MicroSD slot)
- 4K Ultra High Definition tempered, zero bonding glass
- Choose between Google Experience or i3CONNECT STUDIO Experience
- Low power consumption (Energy Star 8.0 certified)
- Auto-brightness adjustment using Ambient Light Sensor
- Motion sensor to shut down if room is not in use

## i3SIXTY 3

50" 65"

### PERFECT FOR SMALL-SPACE COLLABORATION

The i3SIXTY 3 boosts group collaboration and sparks creativity. Rotate it, work in the cloud and manage it remotely to keep spaces tidy and collaboration smooth.

- Android 13 with 8 GB RAM & 128 GB storage
- Capacitive touch technology creates an incredibly responsive and natural touch experience
- Google EDLA-certified with access to Google Play store and Google workspace
- 90° screen rotation: toggle between landscape and portrait mode to optimise visibility of your content
- Rotation supported 4K camera (optional)

## LED WALL

### i3CONNECT WALNUT W1 LED WALL

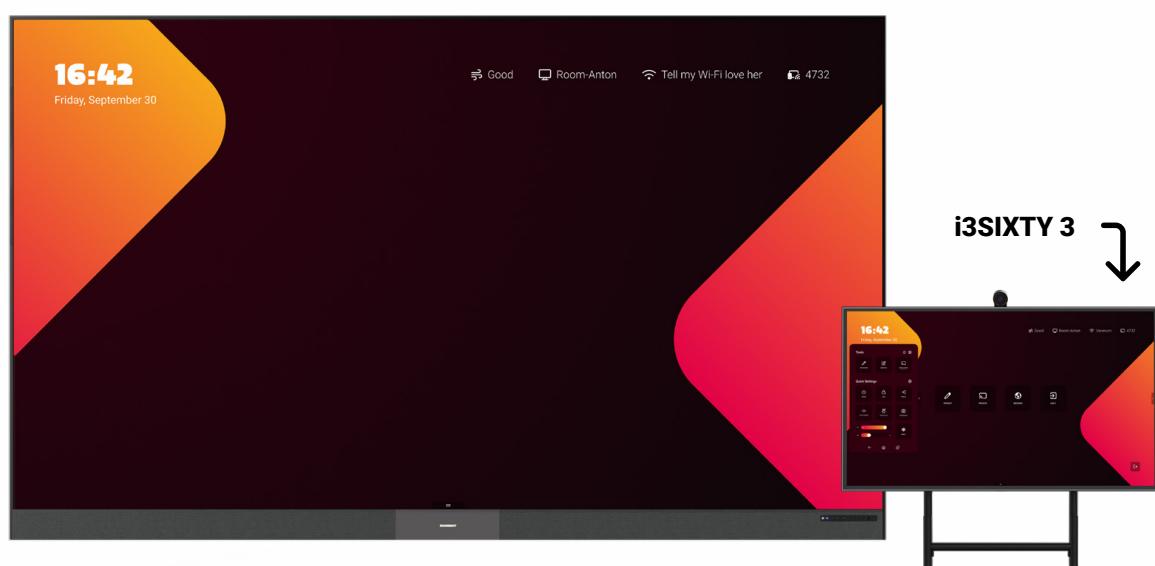

138"

165"

#### LARGE SCREENS FOR BIG IDEAS

The wow factor that a large LED wall brings to an audience is widely known. We have taken it a step further, by adding the option of interactivity to the mix. Simply using an i3SIXTY as a companion display for the Walnut W1 allows the user to draw, annotate, browse or perform any other interactive activity which is directly shown on the large LED display.

- Android 13 with 8 GB RAM
- LED screen
- Impressive audio
- Compared to most LED wall solutions available, the energy consumption is among the lowest in the market
- Interactivity through i3SIXTY 3, both wired or wireless possibilities.

## ACCESSORIES

### i3CAMERA PRO (4K ULTRA HD)

Deliver stunning 4K visuals with intelligent framing and wide coverage. The i3CAMERA Pro is perfect for larger rooms and boardrooms.

- Ultra sharp 4K image quality
- 120° wide-angle field of view
- Face recognition auto-framing
- Built-in omnidirectional microphone
- Excellent low-light performance

### i3CONNECT OPS

A compact mini-computer that can easily be plugged into any i3CONNECT display.

- Available in 3 different options;
  - Intel i5 with Windows 11 Pro
  - Intel i5 with Windows 11 IoT Enterprise
  - Intel i7 with Windows 11 Pro
- Automatically turns on and off with the touchscreens

### i3ALLSYNC TOUCH TRANSMITTER

Experience instant content sharing and real-time interaction. The i3ALLSYNC Touch Transmitter makes wireless collaboration effortless for both presenters and participants.

- One-click wireless screen sharing
- Touchback support for interactive displays
- Compatible with Windows & macOS
- USB-C and HDMI models available
- Plug-and-play, no software needed

### i3CAIR

Monitor air quality for healthier learning and working. The i3CAIR tracks indoor air quality and helps create safe, comfortable environments. Ideal for schools, offices and meeting rooms.

- Measures CO2, PM2.5, temperature and humidity
- Traffic light system for instant visual feedback
- Live data dashboard & historical tracking
- Integrates with i3CONNECT displays
- Supports better wellbeing and focus

## TEACHING TOOLS

### i3CONNECT MOTION

#### ACTIVE LEARNING CUBES

Putting education into motion! These colourful cubes can be used for playful quizzes, language games or physical challenges. A flexible tool that gets students thinking, talking and moving.

- Lightweight cubes with playful shapes, colours and symbols
- Ideal for quizzes, spelling games, geometry and science
- Supports active sitting, movement and flexible setups
- Optional Motion Detection Module adds digital tracking
- Use with i3LEARNHUB to create interactive activities and get instant results

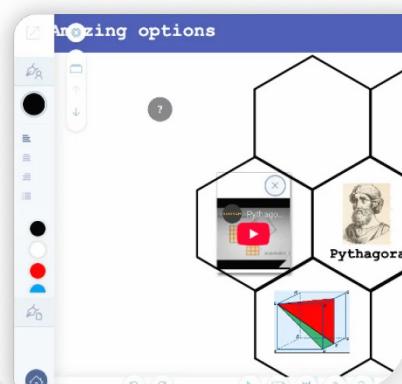

### i3LEARNHUB

#### DIGITAL EDUCATION STUDIO

A universal wall mount that holds your touchscreen firmly in place, sleek, steady and proud. The i3CONNECT Mount 2 is the reliable choice for fixed installations in any room.

- Fits screen sizes from 55" to 86"
- Strong and secure wall fixation
- Low-profile, clean design
- Ideal for classrooms, boardrooms and public spaces
- Compatible with a wide range of displays

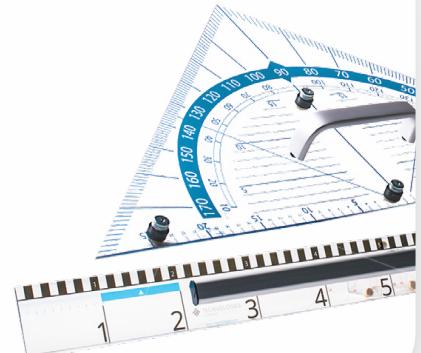

### i3LEARNHUB

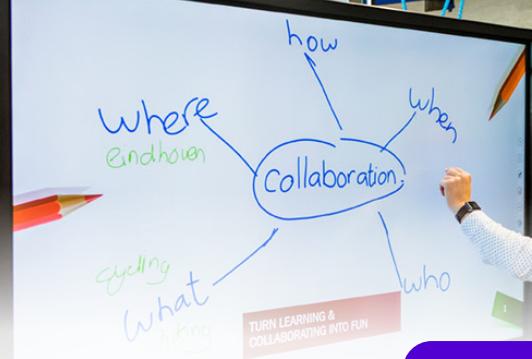

#### AR TOOLS

#### RULER & PROTRACTOR TRIANGLE

Combine the familiarity of physical tools with the precision of digital drawing. The i3LEARNHUB AR Tools set brings a ruler and triangle into the digital world, making geometry lessons clearer, easier and more interactive.

- Use physical tools that interact directly with i3LEARNHUB
- Snapping guides ensure optimal accuracy
- Draw large-scale shapes with ease
- Students can follow along and replicate teacher actions
- Perfect for visual, hands-on learning

## STANDS

### i3CONNECT STAND 2

#### MOVEABLE TROLLEY

A sleek and stable trolley with three adjustable height settings. The i3CONNECT Stand 2 brings versatility and mobility to any environment, making it easy to move your display wherever teamwork takes place.

- Supports screens from 55" to 105" (98" excluded)
- Smooth-rolling wheels with secure locking
- Three preset height configurations
- Minimalist design for modern spaces
- Perfect for dynamic workplaces and classrooms

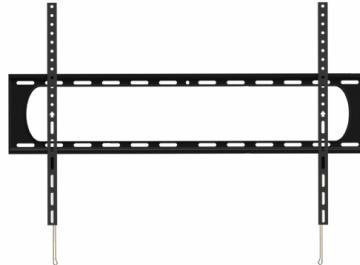

### i3CONNECT MOUNT 2

#### WALL MOUNT

A universal wall mount that holds your touchscreen firmly in place, sleek, steady and proud. The i3CONNECT Mount 2 is the reliable choice for fixed installations in any room.

- Fits screen sizes from 55" to 86"
- Strong and secure wall fixation
- Low-profile, clean design
- Ideal for classrooms, boardrooms and public spaces
- Compatible with a wide range of displays

### i3CONNECT LIFT 3

#### MOBILE AND WALL

The i3CONNECT Lift 3 combines a high-quality lift system with smooth mobility and a robust frame. Move and adjust your display with ease, even through tight spaces.

- Smooth, motorised lift
- Stable, durable construction
- Narrow-frame design fits through 75 cm doorways
- Supports screens from 55" to 100"
- Available as wall-mounted or mobile solution
